Procedure: Revasc intra lithotrip-ather | 10/10/2022

Procedure: Low cost skin substitute app | -

Procedure: Perc d-e cor stent ather s | -

Procedure: Low cost skin substitute app | -

Procedure: Intravertebral fx aug impl | 10/09/2022

Procedure: Intravertebral fx aug impl | 09/28/2022

### Family History

---

Relation: Paternal great-grandmother | Cholera due to Vibrio cholerae 01, biovar eltor

Relation: Cousin | Typhoid fever with heart involvement

Relation: Adoptive mother | Cholera, unspecified

Relation: Paternal great-grandmother | Typhoid fever, unspecified

Relation: Adoptive parent | Typhoid fever, unspecified

Relation: Adoptive parent | Cholera due to Vibrio cholerae 01, biovar eltor

Relation: Adoptive mother | Cholera due to Vibrio cholerae 01, biovar eltor

Relation: Adoptive mother | Cholera, unspecified

Relation: Adoptive mother | Cholera due to Vibrio cholerae 01, biovar eltor

Relation: Adoptive parent | Cholera, unspecified

Relation: Adoptive parent | Cholera due to Vibrio cholerae 01, biovar eltor

Relation: Adoptive parent | Cholera, unspecified

Relation: Adoptive mother | Cholera, unspecified

Relation: Brother | Cholera, unspecified

Relation: Adoptive mother | Cholera due to Vibrio cholerae 01, biovar eltor

Relation: Adoptive parent | Cholera, unspecified

Relation: Adoptive parent | Cholera, unspecified

Relation: Adoptive mother | Cholera, unspecified

Relation: Adoptive parent | Cholera due to Vibrio cholerae 01, biovar eltor

Relation: Adoptive parent | Cholera due to Vibrio cholerae 01, biovar eltor

Relation: Adoptive mother | Cholera due to Vibrio cholerae 01, biovar eltor

Relation: Adoptive mother | Cholera, unspecified

Relation: Adoptive parent | Cholera due to Vibrio cholerae 01, biovar eltor

Relation: Adoptive parent | Cholera, unspecified

Relation: Adoptive parent | Cholera due to Vibrio cholerae 01, biovar eltor

Relation: Adoptive parent | Cholera, unspecified

Relation: Adoptive mother | Cholera due to Vibrio cholerae 01, biovar eltor

Relation: Adoptive mother | Cholera due to Vibrio cholerae 01, biovar cholerae

Relation: Adoptive mother | Cholera due to Vibrio cholerae 01, biovar eltor

Relation: Child | Typhoid meningitis

Relation: Adoptive parent | Cholera due to Vibrio cholerae 01, biovar cholerae

Relation: Adoptive parent | Cholera, unspecified

Relation: Adoptive parent | Cholera, unspecified

Relation: Adoptive parent | Cholera, unspecified

Relation: Adoptive parent | Cholera, unspecified

Relation: Adoptive mother | Cholera, unspecified

Relation: Adoptive mother | Cholera due to Vibrio cholerae 01, biovar eltor

Relation: Cousin | Typhoid fever with heart involvement

Relation: Child | Typhoid meningitis

### Social History

Tobacco: Current someday smoker | Cigarettes, Pipe, Cigars, Electronic

Smokeless Tobacco: Former User | Chew, Snuff

Alcohol: 0 units/Week

Substance Use: Other (Non Prescription)

Vaping: Current everyday smoker

Sexual Activity: Yes | Pill, Surgical

### Vitals:

Based on recordings at 06/16/2023 01:52 pm

Temperature: 98.00 F | Blood Pressure: 120/80 mmHg | Heart Rate: 80 bpm |

Respiratory Rate: 9 bpm | Oxygen Saturation: 98.00% | Weight: 130.00 lbs/ 58.89 Kg | BMI: 19.76

### Allergies:

Agents: Medication Agent | Food 5 | Food 2 | Food 3 | Food 6 | Food 9 | Food 8 | Lactose |  
newtest | peanuts | Food 7 | peanuts | peanuts | peanuts | peanuts | peanuts | new |  
Food 4 | Fish | Environment agent

### Medications:

Medication: Rabies ig im/sc | Frequency : Thrice a day | Route : Intra muscular

Medication: liv no prsv increased ag im | Frequency : Four times a day | Route : IV

Medication: Rabies ig im/sc | Frequency : Daily | Route : Oral

Medication: Fever ig ht&amp;sol human im/sc | Frequency : Twice a day | Route : Oral

Medication: Rabies ig heat treated | Frequency : Every other day | Route : Intra nasal

Medication: Fever ig ht&amp;sol human im/sc | Frequency : Twice a day | Route : Sublingual or buccal
